"The internet is a very useful thing especially with such a fast program."

"The internet is faster than in the school"

"I liked the event very much!"

Tizsakürt

Number of residents: 1581
Employment: Agriculture
Time of the event: December 3, 2005.
Venue: Community Center
Number of local knowledge seekers: 20 persons
Number of voluntary assistance staff: 3 persons

Some opinions about the event:

"We regard this initiative as a good thing."

"Luckily there were few people so thus I could sit at a computer all the time."

Levelek

Number of residents: 2975
Employment: Agriculture
Time of the event: November 4, 2005.
Venue: Community Center
Number of local knowledge seekers: 20 persons
Number of voluntary assistance staff: 5 persons

Some opinions about the event:

"Cognition of Internet is a very good opportunity which is good to be leveraged. Good for me to order the service and ask the details."

"Very fast and many things can be found out and there are a lots of good thing in it that I want to know. I recommend to everybody who likes the Internet." (P. A.)

"What I say is this Internet is faster and handier and more comfortable." (K. P.)

"It's very good because it's faster, opener and everything about the world is learnable." (K. B.)

Hortobágy

Number of residents: 1705
Employment: Agriculture
Time of the event: September 4, 2005.
Venue: Community Center
Number of local knowledge seekers: 17 persons
Number of voluntary assistance staff: 10 persons

Some opinions about the event:

- "I didn't get help in the sought theme, but I get a lot in other issues through the internet." (V.L.)
- "This event is a very good opportunity for the young people or anybody! Would be good if it would be more!" (K.V.)
- "The TEAM was well prepared and was in practice the asked networking questions. They give us much help."
- "We felt very well because: the program was plentiful, great chance for those who has no internet because they could get acquainted with it here. There was a lot at our service. Thanks!" (V.F. and V. Sándor)
- "Useful information might have learnt at this class." (N.Sz. T.)
- "Finally there was such an event. The NET is missed very much at Hortobágy." (V.Z.)

Halmaj

Number of residents: 1943
Employment: Agriculture
Time of the event: August 19, 2005.
Venue: Village Day
Number of local knowledge seekers: 30 persons
Number of voluntary assistance staff: 4 persons

Bodrogkeresztúr

Number of residents: 1286
Employment: Vine region
Time of the event: August 13, 2005.
Venue: Tent in the school garde
Number of local knowledge seekers: 10 persons
Number of voluntary assistance staff: 6 persons

Some opinions about the event:

- "I regard this initiative as a very good idea. Have a good job and success henceforth!"
- "Thank you very much for the opportunity trying it and for the information. Have a good job and success! (Tné, from Szeged)
- "We are glad we could take part. We liked very much. We are going to visit other T-COM events if there will be opportunities for it again." (Á, P., G.)
- "I enjoyed it very much that I could be here at this ADSL presentation. I will visit such a presentation if I can do. Thanks for I could be here!" (M.P.)

Dédestapolcsány

Number of residents: 1603
Employment: Agriculture
Time of the event: October 17, 2005.
Venue: Dédes Market
Number of local knowledge seekers: 20 persons
Number of voluntary assistance staff: 5 persons

Some opinions about the event:

- "In my opinion the "Digital Bridge" is a great opportunity to get acquainted with ADSL and its speed. If someone sees the advertisement on TV, he doesn't pay attention and doesn't really understand what ADSL wants. Such a "Digital bridge" gives us a greater opportunity to understand what does this new internet able to."
- "I regard this event as a good initiatives. It ought to be held more often because there is a lot who doesn't know about the development and opportunities of technology. The speed of ADSL is unbelievable. Congratulation for the idea." (Mayor)
