+

You need to select Flotta Net package too, its monthly fee is added to the selected voice package fee shown above

Available Flotta Net packages

## Mobile net monthly fees

with 30% monthly fee discount

500 MB	2 GB	4 GB	8 GB	20 GB	Unlimited
Available abroad in EU member states: 500 MB	Available abroad in EU member states: 2 GB	Available abroad in EU member states: 4 GB	Available abroad in EU member states: 8 GB	Available abroad in EU member states: 12 GB	Available abroad in EU member states: 16 GB
					<b>5G network is also accessible</b> <b>Free smart watch MultiSIM</b>
<b>HUF 483</b>	<b>HUF 903</b>	<b>HUF 1,533</b>	<b>HUF 2,373</b>	<b>HUF 4,193</b>	<b>HUF 5,593</b>

An employee can request maximum 5 discounted subscriptions (all subscriptions must be registered for the name of the employee)

One Flotta Net package must be selected. The monthly fee includes the monthly fee for „free calls to other Fleet numbers”. Call to other Fleet number means calls to subscribers to the above tariff package. Entrance fee: without loyalty commitment HUF 5,000, with 1-year loyalty commitment: HUF 0. Prices include VAT. Tariffs apply to calls to base-rate numbers. Calls are billed per second.

\*e-Pack discount is offered subject to requesting electronic bill, electronic payment, payment of bills by due date. If these conditions are not fulfilled in a month, the HUF 300 e-Pack discount is not applied, i.e. your monthly fee will be HUF 300 higher. For Flotta Net packages the Magenta 1 net limit duplication is not applied.

For new net packages Magenta 1 net volume duplication does not apply.

# WHAT AND WHERE TO DEAL WITH?

Existing subscription			I buy new subscription	I buy phone for existing Fleet subscription	I modify tariff package or net package	
I have subscription with other mobile operator, I bring my phone number to Telekom	I have Telekom postpaid subscription, I migrate it to Fleet	I have Domino prepaid subscription, I migrate to postpaid subscription with Fleet package	With Fleet package, with or without phone	With 2-year loyalty commitment, with phone price discount	I modify voice tariff package, migrate within Fleet to other package	I modify Net package, e.g. want more mobile net volume

## In Telekom shop

[Shops and reservation of appointment](#)

<p>What is needed:</p> <p><b>identity card or passport or driving licence</b></p> <p>+</p> <p><b>permanent residence card</b></p> <p>+</p> <p>En trance card or Nokia Solution Kft. employer's certificate (according to Telekom template)</p>	<p>What is needed:</p> <p><b>identity card or passport or driving licence</b></p> <p>+</p> <p><b>permanent residence card</b></p>
--	---

## By phone on the number 1414

Cannot be dealt with by phone:

I have a subscription, I buy new subscription, I buy phone for my existing Fleet subscription

**Make the call from the phone number for which you want to modify**

## REQUIRED DOCUMENTS

---

### Hungarian citizens, Nokia Solution Kft. employee:

**identity card or passport or driving licence** + permanent residence card + **entrance card** or **Nokia Solution Kft. employer's certificate** (according to Telekom template)

---

### Foreign citizen, Nokia employee:

Permanent residence and permanent place of stay must be certified in the given document, or can be certified with permanent residence card. Foreign citizen's identity card (paper-based) or other identity document (card format) or permanent residence permit (card or sticker placed by the authority in the passport) or residence permit for EEA citizens (card) or registration certificate for EEA citizens (card valid in conjunction with identity card or passport) or permanent resident card (card valid in conjunction with identity card or passport) + **entrance card** or **Nokia Solution Kft. employer's certificate** (according to Telekom template)

---

### Subscription takeover, for the person registered with the subscription:

The above listed documents are needed for identification. It is also important that both users must be present, the current subscriber and the person who takes over the subscription.

---

# WHAT TO OBSERVE

## For number porting

- The current subscriber should not have loyalty commitment not expired yet with the service provider, since in the case of porting the number with loyalty commitment not expired yet the current service provider may charge high amount of penalty. If you are not certain when your loyalty period expires, check the expiry date on your monthly bill.
- The number/subscription to be taken over must be registered for you, and you may not have a debt overdue for more than 30 days with your current service provider (if the subscription is registered for other person, and he is involved in takeover, he must also observe these).
- If you have purchased the phone from other seller, it must not be SIM-locked so that you can use with it the SIM card received from Telekom.
- If you had prepaid subscription with your earlier service provider, you cannot take over its balance.
- Your voice mail messages will be lost by number porting.

## [Further information about number porting](#)

## In the case of postpaid subscription with Telekom

- If the subscription registered with your name is subject to 1-year or 2-year loyalty commitment and the agreed (loyalty) period has not expired yet, the monthly fee of new employee tariff packages must be above the usage volume agreed in your existing tariff package (it applies also if you have also purchased phone with payment by installments).
- If the subscription is registered for other user and the subscription is subject to 1-year or 2-year loyalty commitment and the agreed (loyalty) period) has not expired yet, and the subscription is associated with phone or accessory purchase with payment by installments, the current subscriber must pay at the time of subscription takeover the outstanding amount in a lump sum. If outstanding installments do not exist any more, but the loyalty period has not expired yet, the monthly fee of new employee tariff packages may not be lower than the usage volume agreed in the existing tariff package.

## In the case of migration from Domino card

- You must have the Domino SIM card on you when dealing with the migration.
- Your Domino balance will be reloaded to the postpaid subscription.

\* If you request the subscription with eSIM, you will receive an activation mail that includes the QR code needed for the eSIM activation. If you port your number from other mobile operator, you can request migration to eSIM after number porting has been completed.

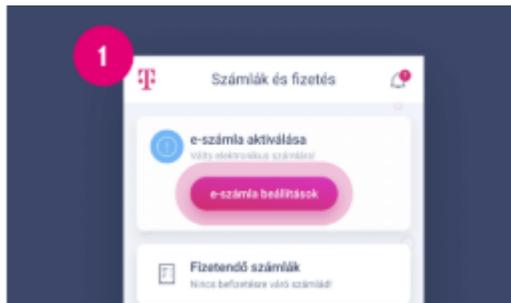

## E-PACK MONTHLY FEE DISCOUNT

If the e-Pack conditions are fulfilled we automatically offer HUF 300 discount on the monthly fee of tariff packages (the table above shows already the fees with discount).

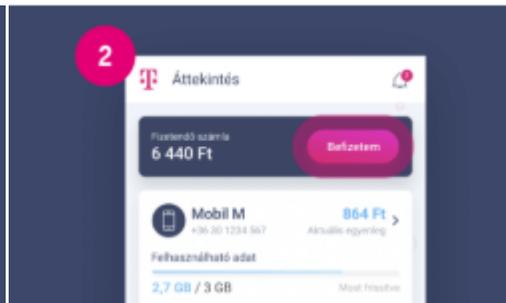

What are the conditions?

- **You must have an electronic account**  
If it is not set up yet, you can request it in the Telekom mobile application, in our online customer service in your Telekom account, in our shops with reservation of appointment or on the phone number 1414.
- **Pay your bills electronically**  
Pay your bills in our online customer service in your Telekom account, in the Telekom mobile application, through direct debit or bank transfer.
- **Pay your bills by the due date**  
Your payment must be received by the due date shown on the first page of your bill. If you pay through other than the Telekom application, reckon with the transfer time and holidays.

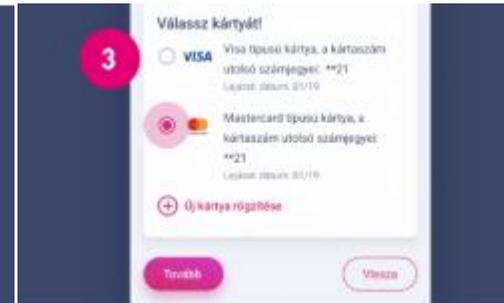

How can you be entitled to e-Pack discount?

Download the Telekom application and activate in your mobile subscription the electronic bill.

Watch in the application the delivery of new bill. You will be notified of your bills also by email so that you don't miss the payment deadline.

Pay your bill by the due date in the application with bank card.

If you paid your bill by the due date, you will receive HUF 300 monthly fee discount in the next month.

The discount is automatically given if the conditions are fulfilled, you do not have to request it. If in a given month any of the conditions is not fulfilled, your next monthly fee will be by HUF 300 higher, because the e-Pack discount is not granted. For example your January bill is issued in early February. You pay this bill beyond the due date or not electronically. Therefore in early March (when the February bill is prepared) your Flotta Basic monthly fee will be increased by HUF 300.

## MAGENTA 1 GIVES MORE!

Combine your subscription with employee tariff package with at least two home Telekom services to receive 30% discount on the monthly fee of your home services and further Magenta 1 benefits. You can select with your mobile package any two of TV, home internet and home telephone service or even all three.

## MAGENTA 1 BENEFITS

### 30% monthly fee discount

You will receive 30% discount on the monthly fee of all home services involved in Magenta 1.

### Unlimited TV with Telekom TV GO and HBO GO

**Watch your favorite programs with Telekom TV GO and HBO GO on smartphone or tablet on the internet**, without any limit and free of charge in Hungary, with the mobile subscription involved in Magenta 1 and all other subscriptions in the related mobile current account!

### Extra 100 minutes and 1 GB for Domino recharge

If you recharge your Domino subscription involved in Magenta 1 with at least HUF 3,000 through the Telekom application, you will receive **extra 100 minutes calls and 1 GB mobile net on your** Domino card.

### Net guarantee

In the case of unexpected failure of the home service you will receive **extra mobile and/or data volume benefit for all postpaid and prepaid mobile subscription involved in Magenta 1 so that the family is not left without service.**

### Magenta 1 surprises

All Magenta 1 customers can select every quarter of a year from exclusive surprises (coupons, prize winning games).

## YOU NEED MORE MOBILE INTERNET?

1

**You can select higher Flotta Net package,** that offers each month more mobile net for you if the net included in your package is generally not sufficient

2

**You can select occasional net upgrades,** that increase once the mobile net volume available to you, if it ran out before the new period starts

### Selecting higher net package

Do you regularly need more net? Select a higher package than the existing one! The monthly fee of the packages is by 30% lower than the base rate (the table shows already the discounted monthly fees).

<b>MOBILE NET MONTHLY FEES</b> In Hungary and the EU	<b>500 MB</b> 500 MB in the EU	<b>2 GB</b> 2 GB in the EU	<b>4 GB</b> 4 GB in the EU 	<b>8 GB</b> 8 GB in the EU 	<b>20 GB</b> 12 GB in the EU 	<b>Unlimited</b> 16 GB in the EU  5G network is also accessible Free smart watch MultiSIM
	<b>HUF 483</b>	<b>HUF 903</b>	<b>HUF 1,533</b>	<b>HUF 2,373</b>	<b>HUF 4,193</b>	<b>HUF 5,593</b>

### How to migrate?

Call from your Fleet subscription number the phone number 1414, we will help you. It is important to note that you can change your net package only once in one calendar month.

### Activating occasional net upgrading

EXTRA NET 1 GB

**HUF 1,490**

Available in Hungary and in the EU for a period of 30 days after activation.

EXTRA NET GIGASTRONG UNLIMITED  
for 3 days

**HUF 1,990**

In Hungary unlimited net for 72 hours after activation, 4 GB in the EU.

EXTRA NET GIGASTRONG UNLIMITED  
for 10 days

**HUF 3,490**

In Hungary unlimited net for 240 hours after activation, 6 GB in the EU.

How to request? Occasional upgrading can be activated the fastest in the [Telekom application](#), but you can request it also on the customer service phone number **1414** and [in our shops](#).

EGYÜTT. VELED

## MULTI SIM – ONE MOBILE SUBSCRIPTION ON SEVERAL DEVICES

<p><b>Do you use several devices?</b></p> <p>With MultiSIM you don't need to change your SIMs. It can be used also in eSIM devices.</p>	<p><b>Sometimes you want to take only your smart watch?</b></p> <p>From now on you do not have to take your phone while doing sports, you can make and answer calls also on your smart watch.</p>	<p><b>Do you want to access the net outdoors?</b></p> <p>You do not have to take your phone when you want to go outdoors to learn or work, you can access the net also on your tablet or laptop.</p>
---	---	--

- With the MultiSIM service you can request for your subscription in addition to the first SIM other 2 SIMs (MultiSIM) for a monthly charge.
- The phone number of the MultiSIMs is identical with the phone number of the first SIM of the subscription, you can use it to make and answer calls, access the net up to the voice and data limit of your subscription (the calling function depends also on the device). The download and upload rate of the MultiSIM that can be used with smart watch is 1 Mbps.
- The monthly fees of the first SIM and of the associated MultiSIMs will be shown on a single bill. You can monitor your current balance in the [Telekom application](#).

### MultiSIM charge in the selected net package:

	Flotta Net 500 MB	Flotta Net 2 GB	Flotta Net 4 GB	Flotta Net 8 GB	Flotta Net 20 GB	Flotta Unlimited Net
For smart watch	HUF 990/month/SIM					HUF 0/month/SIM
For tablet, modem, etc.	HUF 2,990/month/SIM					

### Good to know

- The voice and mobile internet traffic generated with MultiSIM is charged to the subscriber of the first SIM.
- For incoming calls all SIMs give a ring (first SIM and MultiSIM(s)) and when the call is answered on a device, the other devices will stop to ring.
- The phone number of all MultiSIMs is the main phone number of your subscription. For calls made in the Telekom net from any MultiSIM to a Telekom phone number the called party will see your phone number and can call back on that number.
- When you make a call from a MultiSIM, you can make only emergency calls from the other devices.
- If your mobile subscription is suspended, you cannot use your MultiSIM service either.
- Irresponsible release of the MultiSIM to other persons can result in abuse. You, the subscriber will be liable for any abuse with the MultiSIM.
- Mobile purchase is allowed only with the first SIM, and SMS notices are received only on the first SIM (e.g. roaming position notice, data traffic notice SMS, etc.).

# GOOD TO KNOW

## **Magenta 1 benefit package**

Available to new or already contracted individual subscribers using Magyar Telekom's specified home and mobile services as the same subscriber (makes such declaration) who have a valid subscription contract for at least two different home services and at least one mobile service. If the subscriber has more than one home and/or mobile current account, one home and one mobile current account must be identified to which the Magenta1 discount will apply. One service in a current account can be included in one Magenta1 discount package. The home services are packages introduced after 1 September 2018, in a way that all packages were offered in the period 1 September 2018 to 1 September 2019, or all packages were offered in the period 2 September 2019 to 3 September 2020, or all packages were offered after 4 September 2020. The mobile services are packages in the portfolio sold after March 2017 and individual employee fleet packages. Magenta1 30% discount: applies to all existing packages in the specified home current account and subscriptions with package combination. Exclusions: Telekom discount and – unless otherwise specifically regulated – any other discount may not be used simultaneously. Magenta1 subscribers before 1 September 2018: the Magenta1 discount package applicable from 1 September 2018 must be requested.

## **Double recharge bonus**

In the case of (maximum 10) Domino phone numbers involved and jointly registered in Magenta1 the Magenta1 recharge bonus 100 minutes apply to in-net calls in Hungary that can be used for a period of 7 calendar days after recharge. In the case of recharge in Telekom application additional 1 GB data traffic can be used in Hungary and while roaming in the EU, as recharge bonus, within 7 calendar days. The bonuses can be used in combination with other recharge bonuses, the bonus expiring first will be used first.

## **Magenta 1 benefit Unlimited TV and film data option**

Magenta 1 subscribers benefit from free Unlimited TV and film option, that can be used with Telekom TV GO and HBO GO service, while the traffic generated is not included in the data volume of the Subscriber's package in Hungary. See the detailed conditions of using the service in the GTC Annex 5/a on postpaid services offered. Telekom TV GO can be used in Hungary and EU member states with enabled device, prior registration and continuously available broadband internet connection. Out of the TV channels offered those included in the Telekom TV subscription associated with TV GO are accessible. The traffic generated by using the Telekom TV GO mobile application in Hungary is not included in the data traffic limit of postpaid mobile subscriptions involved in the Magenta1 discount and of the postpaid subscriptions registered on the same mobile current account. In the case of temporarily staying in the EU, the Telekom TV GO can be used also there, but it requires a relevant data package and the traffic generated will be included in the data volume offered with the package. In the case of termination of the Magenta1 discount package the postpaid Unlimited TV and film data option is charged with the conditions specified in the GTC. Accessing HBO GO content requires HBO Pak, HBO MaxPak or HBO GO subscription. The HBO Pak and MaxPak options include free HBO GO.

## **Net guarantee**

If you have home service and mobile service subscription with Telekom, in the case of failure of the home internet or telephone service after reporting the fault, if fault repair requires visiting the site or further coordination, we help you so that you can access our service during the fault repair period too. If the fault affected the home internet service, we activate for your postpaid mobile net subscription or Domino card unlimited data traffic option that can be used in Hungary for a period of 72 hours. If the fault affected the home telephone service, we offer you 60 minutes free calls to any mobile and fixed-line base-rate number that can be used in Hungary for a period of 72 hours. For Magenta 1 and Magenta 1 Domino subscribers the unlimited data traffic option for 72 hours and/or 60 minutes free calls in Hungary is activated not only for one phone, but for all postpaid and Domino subscriptions involved in the Magenta1 discount package.

Magenta 1 surprises: In the prize winning games held every quarter of a year Magenta1 customers can register for valuable prizes. Participation is subject to prior registration on the contact points identified in the notices on the current prize winning game. The prizes offered in the Magenta1 surprises are always drawn by lot for distribution to the winners.

## **Additional information about mobile net**

Telekom offers 30% discount on the monthly fee of current Flotta Net data packages shown in the current residential tariffs regime. The currently available Flotta Net services are specified in the current residential tariffs regime, the scope and content of net packages shown in the information note is subject to change. In the case of WhatsApp and Facebook Messenger free data traffic excludes making and answering internet-based voice and video calls, and downloading and refreshing applications, and the data volume used for contents and functions provided by third parties (e.g. watching video content).

In the case of Facebook and Instagram the free data traffic excludes playing and downloading embedded video and voice files, and downloading and refreshing applications, the data volume used for contents and functions provided by third parties (e.g. registration, application downloading, refreshing, embedded video, etc.).

Use of some internet sites and services may be impacted or hindered by the activation on the device of various encryption solutions (e.g. Apple Private Relay, VPNs, downloadable Internet security applications) and related settings of the device.

The estimated maximum speed of mobile internet access service in the service provider's 4G network: download rate: 300 Mbps, upload rate: 50 Mbps. In the case of services with 5G network access the estimated maximum speed: download rate: 1 Gbps, upload rate: 50 Mbps.
