Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the provisions of the Accounting Act and accounting principles generally accepted in Hungary. Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit and to assess whether or not the accounting information disclosed in the business report is consistent with that contained in the financial statements. We conducted our audit in accordance with Hungarian and International Standards on Auditing and with applicable laws and regulations in force in Hungary. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. Our work in respect of the

business report was limited to checking it in within the aforementioned scope and did not include a review of any information other than that drawn from the audited accounting records of the Company.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.
