## Magyar Telekom holds Annual General Meeting

Budapest – April 7, 2010 – Magyar Telekom (Reuters: NYSE: MTAN, BÉT: MTEL.BU and Bloomberg: NYSE: MTA US, BÉT: MTELEKOM HB), the leading Hungarian telecommunications service provider today held its Annual General Meeting (“AGM”). The AGM approved the audited annual financial statements of Magyar Telekom Plc. and the Magyar Telekom Group and the Board of Directors’ corporate governance report for 2009. In addition, it determined the dividend payable on the 2009 profit. The shareholders elected new members of the Board of Directors, the Supervisory Board and the Audit Committee, approved amendments to the Company’s Articles of Association and elected an auditor.

At the beginning of the agenda, the shareholders approved again the resolutions adopted by the Company’s AGM held on April 25, 2008, which were rendered later ineffective by the Municipal Court of Budapest. The reiterated approval was necessary in case of all the resolutions that must be effective and applicable in the future. Although some of the resolutions shall not have any legal implications in the future, any legal proceedings based on such resolutions were needed to be confirmed and approved in order for the Company to eliminate or minimize the likelihood of any further legal disputes arising from the resolutions in question.

Report of the Board of Directors on the management of Magyar Telekom Plc., on the business operation, on the business policy and on the financial situation of Magyar Telekom Plc. and the Magyar Telekom Group was presented to the shareholders. In addition, reports of the Supervisory Board, the Audit Committee and the Auditor were also presented.

The AGM approved the 2009 consolidated financial statements of Magyar Telekom Group prepared in accordance with the International Financial Reporting Standards (IFRS) with a balance sheet total of HUF 1,166,377 million and profit after tax of HUF 93,253 million. The shareholders also approved Magyar Telekom Plc.’s stand-alone annual financial statements prepared in accordance with the Hungarian Accounting Rules (HAR).

Furthermore, the AGM determined the utilization of the 2009 profit after tax. The Company will pay HUF 74 dividend per ordinary share (of HUF 100 face value) from the 2009 profit. The dividend of HUF 77,051,686,148 will be paid out of net profit with the remaining HUF 2,824,611,967 from the profit reserve. The dividend payment will start on May 7, 2010. The record date is April 30, 2010. Magyar Telekom’s Board of Directors will publish a detailed announcement about the order of dividend payment on its corporate website and that of the Budapest Stock Exchange on April 21, 2010.

The AGM authorized the Board of Directors to purchase a maximum of 104,274,254 of ordinary shares (of HUF 100 face value) of Magyar Telekom, in accordance with the conditions described in the proposal by the Board of Directors.

The AGM reviewed and approved the Company’s 2009 corporate governance report, and – having evaluated the work performed by members of the Board of Directors in the course of the preceding business year – decided to grant the relief of liability to the Board members regarding 2009 business year.

The shareholders adopted a decision regarding the amendment to Magyar Telekom Plc.’s Articles of Association and approved the modifications in the Rules of Procedures of the Supervisory Board.

The AGM elected new Board of Directors, Supervisory Board and Audit Committee members, as the mandate of the members of Magyar Telekom Plc.’s Board of Directors and Supervisory Board as well as Audit Committee expired at the time of the AGM on April 7, 2010.
