

Magyar Telekom was awarded European Union funds for fix line broadband development within the frame of the GINOP 3.4.1-2015 program.

The Government of Hungary, based on the Partnership Agreement concluded with the European Union and the GINOP 3. priority released the call for applications under reference no. GINOP 3.4.1-2015, titled **New Generation NGA and Access Network Development**. The objective of the tender is to cover less developed areas with new generation broadband access network (NGA) where such service is not yet available and that the expansion of the info-communication networks, tools, services and competences may contribute to the improvement of the citizens' quality of life, competitiveness of enterprises and effectiveness of the operation of the state.

Within the frame of the GINOP 3.4.1-2015 **Magyar Telekom Plc.** was awarded funds to build new generation access and/or area network in the following districts:

District	Name of the project	Amount of the fund	Intensity of the support	Project ID	Expected completion of the project
Balmazújváros district	New generation NGA and access network development in the Balmazújváros district	127.881.600 HUF	70%	GINOP-3.4.1-15-2016-00248	June 30, 2018
Berettyóújfalu district	New generation NGA and access network development in the Berettyóújfalu district	762.967.800 HUF	70%	GINOP-3.4.1-15-2016-00136	August 17, 2018
Cigánd district	New generation NGA and access network development in the Cigánd district	242.214.300 HUF	90%	GINOP-3.4.1-15-2016-00010	July 10, 2018
Debrecen district	New generation NGA and access network development	28.257.901 HUF	22%	GINOP-3.4.1-15-2016-00138	August 19, 2018

	in the Debrecen district				
Derecske district	New generation NGA and access network development in the Derecske district	318.862.740 HUF	82%	GINOP-3.4.1-15-2016-00040	July 12, 2018
Eger district	New generation NGA and access network development in the Eger district	60.275.598 HUF	22%	GINOP-3.4.1-15-2016-00139	August 21, 2018
Enying district	New generation NGA and access network development in the Enying district	117.250.700 HUF	70%	GINOP-3.4.1-15-2016-00140	August 23, 2018
Esztergom district	New generation NGA and access network development in the Esztergom district	448.746.100 HUF	46%	GINOP-3.4.1-15-2016-00208	August 25, 2018
Győr district	New generation NGA and access network development in the Győr district	374.651.440 HUF	82%	GINOP-3.4.1-15-2016-00003	July 14, 2018
Hajdúszoboszló district	New generation NGA and access network development in the Hajdúszoboszló district	102.330.480 HUF	42%	GINOP-3.4.1-15-2016-00249	June 30, 2018
Hatvan district	New generation NGA and access network development in the Hatvan district	129.016.200 HUF	30%	GINOP-3.4.1-15-2016-00006	July 16, 2018
Hódmezővásárhely district	New generation NGA and access network development in the Hódmezővásárhely district	156.624.500 HUF	50%	GINOP-3.4.1-15-2016-00144	August 27, 2018
Kapuvár district	New generation NGA and access network development in the Kapuvár district	294.131.540 HUF	82%	GINOP-3.4.1-15-2016-00017	July 18, 2018

Kazincbarcika district	New generation NGA and access network development in the Kazincbarcika district	126.954.800 HUF	70%	GINOP-3.4.1-15-2016-00014	July 20, 2018
Kiskőrös district	New generation NGA and access network development in the Kiskőrös district	78.832.800 HUF	90%	GINOP-3.4.1-15-2016-00251	June 30, 2018
Kiskunmajsa district	New generation NGA and access network development in the Kiskunmajsa district	77.674.099 HUF	70%	GINOP-3.4.1-15-2016-00046	July 22, 2018
Kunhegyes district	New generation NGA and access network development in the Kunhegyes district	232.508.500 HUF	70%	GINOP-3.4.1-15-2016-00212	June 30, 2018
Letenye district	New generation NGA and access network development in the Letenye district	256.638.879 HUF	68%	GINOP-3.4.1-15-2016-00253	June 30, 2018
Martonvásár district	New generation NGA and access network development in the Martonvásár district	36.710.080 HUF	22%	GINOP-3.4.1-15-2016-00009	July 24, 2018
Mezőkövesd district	New generation NGA and access network development in the Mezőkövesd district	524.683.800 HUF	90%	GINOP-3.4.1-15-2016-00005	July 26, 2018
Miskolc district	New generation NGA and access network development in the Miskolc district	225.718.680 HUF	22%	GINOP-3.4.1-15-2016-00078	July 28, 2018
Mohács district	New generation NGA and access network development in the Mohács district	87.129.899 HUF	78%	GINOP-3.4.1-15-2016-00149	August 29, 2018
Mór district	New generation NGA and access network development	71.902.380 HUF	66%	GINOP-3.4.1-15-2016-00254	June 30, 2018

	in the Mór district				
Mosonmagyaróvár district	New generation NGA and access network development in the Mosonmagyaróvár district	275.552.320 HUF	74%	GINOP-3.4.1-15-2016-00007	July 30, 2018
Nagykanizsa district	New generation NGA and access network development in the Nagykanizsa district	569.382.660 HUF	42%	GINOP-3.4.1-15-2016-00150	August 31, 2018
Nyíradony district	New generation NGA and access network development in the Nyíradony district	694.595.700 HUF	90%	GINOP-3.4.1-15-2016-00077	August 1, 2018
Oroszlány district	New generation NGA and access network development in the Oroszlány district	66.016.200 HUF	30%	GINOP-3.4.1-15-2016-00075	August 3, 2018
Pécs district	New generation NGA and access network development in the Pécs district	301.453.545 HUF	28%	GINOP-3.4.1-15-2016-00074	August 5, 2018
Pétervására district	New generation NGA and access network development in the Pétervására district	578.424.600 HUF	90%	GINOP-3.4.1-15-2016-00015	August 7, 2018
Putnok district	New generation NGA and access network development in the Putnok district	175.817.700 HUF	90%	GINOP-3.4.1-15-2016-00018	August 9, 2018
Rétság district	New generation NGA and access network development in the Rétság district	89.269.200 HUF	30%	GINOP-3.4.1-15-2016-00154	September 2, 2018
Salgótarján district	New generation NGA and access network development in the Salgótarján district	768.510.600 HUF	66%	GINOP-3.4.1-15-2016-00209	September 4, 2018

Sopron district	New generation NGA and access network development in the Sopron district	458.313.640 HUF	46%	GINOP-3.4.1-15-2016-00159	August 6, 2018
Székesfehérvár district	New generation NGA and access network development in the Székesfehérvár district	221.150.820 HUF	66%	GINOP-3.4.1-15-2016-00161	August 8, 2018
Szombathely district	New generation NGA and access network development in the Szombathely district	331.052.945 HUF	28%	GINOP-3.4.1-15-2016-00073	August 11, 2018
Tapolca district	New generation NGA and access network development in the Tapolca district	365.675.800 HUF	70%	GINOP-3.4.1-15-2016-00164	September 10, 2018
Tata district	New generation NGA and access network development in the Tata district	53.660.880 HUF	26%	GINOP-3.4.1-15-2016-00165	September 12, 2018
Tatabánya district	New generation NGA and access network development in the Tatabánya district	94.213.680 HUF	22%	GINOP-3.4.1-15-2016-00083	August 13, 2018
Tiszaújváros district	New generation NGA and access network development in the Tiszaújváros district	162.257.200 HUF	70%	GINOP-3.4.1-15-2016-00215	June 30, 2018
Záhony district	New generation NGA and access network development in the Záhony district	83.154.240 HUF	78%	GINOP-3.4.1-15-2016-00255	June 30, 2018
Zalaszentgrót district	New generation NGA and access network development in the Zalaszentgrót district	383.414.400 HUF	90%	GINOP-3.4.1-15-2016-00022	August 15, 2018

Content of the projects: Within the frame of the development Magyar Telekom develops optical, copper and HFC based network in the given district.

Within the frame of the GINOP 3.4.1-2015 **Magyar Telekom Plc. and Tarr Kft.** were jointly awarded funds to build new generation access and/or area network in the following districts:

District	Name of the project	Total support, consortium	Support - Magyar Telekom's share	Intensity of the support	Project ID	Expected completion of the project
Hegyhát district	New generation NGA and access network development in the Hegyhát district	145.139.166 HUF	69.300.000 HUF	90%	GINOP-3.4.1-15-2016-00225	October 1, 2018
Lenti district	New generation NGA and access network development in the Lenti district	458.259.507 HUF	292.122.450 HUF	90%	GINOP-3.4.1-15-2016-00226	October 1, 2018
Zalaegerszeg district	New generation NGA and access network development in the Zalaegerszeg district	1.122.561.063 HUF	561.411.720 HUF	90%	GINOP-3.4.1-15-2016-00227	October 1, 2018

Content of the projects: Within the frame of the development the consortium develops optical, copper and HFC based network in the given district.
